

Collagen Plus

- Elevating Pet Health Through Advanced Collagen Support

Collagen Plus, a cutting-edge collagen supplement meticulously crafted to enhance the overall well-being of your cherished feline and canine companions. With a strategic blend of premium ingredients, Collagen Plus is specifically formulated to provide comprehensive support for bones, cartilage, ligaments, skin, and coat, ensuring your pets thrive with vitality.

Key Features:

Collagen Plus goes beyond conventional supplements, offering a unique blend of benefits:

Comprehensive Joint Support: The synergistic combination of type I and type II collagen, along with chondroitin sulfate and sodium hyaluronate, promotes optimal joint function, flexibility, and mobility for active and happy pets.

Skin and Coat Brilliance: Collagen's contribution to healthy skin enhances the coat's appearance, providing a radiant and lustrous sheen.

Bone Strength Reinforcement: Hydrolyzed collagen type I fortifies bones, contributing to strength and resilience, crucial for pets of all ages.

Ligament Integrity: Collagen Plus supports the integrity of ligaments, essential for pets with an energetic lifestyle.

Overall Vitality Boost: Beyond targeted benefits, Collagen Plus contributes to the overall vitality and health of your pets.

Ingredients:

Hydrolyzed Collagen Type I (Poultry Collagen) , Hydrolysed Collagen TypeII (Bovine Collagen) , Sodium Hyaluronate, Chondroitin Sulphate, Microcrystalline Cellulose, Magnesium Stearate, Processed Chicken Protein

Hydrolyzed Collagen Type I (Poultry Collagen): Chosen for its exceptional purity and efficacy, contributing to the structural integrity of bones and ligaments.

Hydrolyzed Collagen Type II (Bovine Collagen): A vital component for maintaining healthy cartilage and supporting joint flexibility.

Sodium Hyaluronate: Renowned for its hydrating properties, promoting joint lubrication and flexibility.

Chondroitin Sulphate: Essential for cartilage health, supporting joint function and mobility.

Dosage:

Administer Collagen Plus tablets once daily according to your pet's weight:

Up to 10 kg: 1 tablet

10-20 kg: 2 tablets

20-30 kg: 3 tablets

30 kg and above: 4 tablets

Administration:

For optimal results, give Collagen Plus tablets once a day, adjusting the number of tablets based on your pet's weight. You can give directly or at to his food.

Storage Recommendations:

Store Collagen Plus in a well-closed container in a dry, clean area to maintain product integrity.

Keep out of reach of children.
