

DETOXICARB LIQUID

Toxin Binder and Remover

Detoxicarb Liquid is used as the best urgent treatment for toxic material ingestion. It is used through drinking water when animal does not eat because of toxin effects. It works by absorbing the toxic substances and drive it outside of the body through stool.

Therefore, reducing toxin absorption into the blood or helping to eliminate them from the body is the most important mission of Detoxicarb Liquid .

Purpose Of Usage:

- Rapid reducing the adsorption of harmful substances
- Prevents various mycotoxins (Zearalenone, Vomitoxin, Ochratoxin, T2 Toxin and Fumonisin) with its maximum toxin binding capacity, from penetrating into the gut to prevent any performance degradation
- Increases the feed utilization of animals at the maximum rate
- Helps to maintain the nutritional value

Main Ingredients:

Activated Charcoal, Sodium Bentonite, Citric Acid and Yeast Cell Wall

Dosage and Administration:

It is used by mixing 250 to 500 ml per 1000 lit of drinking water.

Packaging:

Detoxicarb Liquid is conveniently packaged in 5 lit can, ensuring convenient handling and storage.

Storage Condition:

The product must be stored protected from light and heat, dark between 5°C and 25°C.

Target Animals:

Broiler, Layer, Turkey, Ostrich, Cattle, Dairy, Sheep, Horse
