

Fish Oil

Fish Oil - Comprehensive Pet Health Support

Discover the pinnacle of pet wellness with our Fish Oil, an exceptional formula designed to enrich the lives of your beloved companions. Our carefully selected ingredients, including Fish Oil, Vegetable Oil, Omega-3, Omega-6, Eicosapentaenoic Acid (EPA), and Docosahexaenoic Acid (DHA), make this product a cornerstone for supporting the holistic health of cats and dogs.

Key Benefits:

1. Skin and Coat Health:

The Omega-3 and Omega-6 fatty acids in Fish Oil contribute to a radiant coat and healthy skin. These essential nutrients nourish the skin from within, providing a natural glow and addressing dryness or irritations.

2. Joint Health:

Fish Oil contains Eicosapentaenoic Acid (EPA) and Docosahexaenoic Acid (DHA), which are renowned for their anti-inflammatory properties. These elements support joint health, promoting agility and flexibility in your pets.

3. Hair Water Permeability Regulation:

The formula helps regulate hair water permeability, contributing to well-hydrated and lustrous fur. This is particularly beneficial in preventing dryness and enhancing the overall texture of your pet's coat.

4. Heart and Circulation Health:

Fish Oil supports cardiovascular health by promoting optimal heart function and circulation. The Omega-3 fatty acids in the oil contribute to maintaining a healthy heart, crucial for your pet's overall well-being.

5. Mental Health Support:

Omega-3 fatty acids, especially DHA, play a vital role in supporting cognitive function and mental health in cats and dogs. This is particularly significant for aging pets or those facing cognitive challenges.

Ingredients:

Fish Oil, Vegetable Oil and Fat, Omega-3, Omega-6, Eicosapentaenoic Acid (EPA), Docosahexaenoic Acid (DHA)

Fish Source:

Our Fish Oil is derived from fresh fish of the families Engraulidae, Carangidae, Clupeidae, Osmeridae, Scombridae, and Ammodytidae, ensuring a high-quality source for optimal benefits.

Dosage and Administration:

0-10 kg: 5 ml (1 measuring spoon)

10-30 kg: 10 ml (2 measuring spoons)

30 kg and above: 15 ml (3 measuring spoons)

Add the recommended daily amount to your pet's regular feed for optimal results.

Storage Recommendations:

Fish Oil should be stored well closed in a dry, clean area at room temperature. Protect the product from direct sunlight and moisture to ensure its efficacy over time.

Keep out of reach of children.
