

Immunofit

Immunofit: Immune System Support Tablet for Cats and Dogs

Immunofit introduces a revolutionary immune system support tablet meticulously crafted to enhance the overall health of your beloved cats and dogs. This product is the result of a careful formulation that includes a premium blend of ingredients aimed at fortifying the immune system and promoting a robust defense against a myriad of health challenges.

Our powerful blend of Beta Glucan, Bee Pollen, Taurine, Lysine, Vitamin C, Zinc, Glycyrrhiza Extract, Echinacea Extract, Dandelion Extract, and Elderberry Extract works synergistically to bolster your pet's immunity. Each ingredient has been thoughtfully chosen and combined to provide comprehensive support for the immune system, ensuring that your pets lead healthier and more vibrant lives.

Recognizing that a resilient immune system is paramount for your pet's well-being, Immunofit acknowledges the significance of immune support. A robust immune system plays a pivotal role in defending against infections,

viruses, and various health challenges. Our carefully selected ingredients work together to empower the immune system, offering proactive defense and supporting the overall health and vitality of your furry companions. Immunofit is the key for a proactive approach to pet health, because a healthier pet is a happier pet.

Ingredients:

Beta Glucan, Bee Pollen, Taurine, Lysine, Vitamin C, Zinc, Glycyrrhiza Extract, Echinacea Extract, Dandelion Extract, Elderberry Extract, Microcrystalline Cellulose, Magnesium Stearate, Processed Chicken Protein

Dosage and Administration:

0-10 kg: 1 tablet

10-20 kg: 2 tablets

20-30 kg: 3 tablets

30 kg and above: 4 tablets

Immunofit is administered once a day based on the weight of your dog. Refer to the dosage table for accurate intake. The tablets can be given directly orally or conveniently mixed with your pet's regular feed.

Storage Recommendations:

To maintain the efficacy of Immunofit, store the product in a dry, clean area at room temperature. Protect it from direct sunlight and moisture by keeping the container well-closed. Adhering to these storage guidelines ensures the longevity of the product and sustains its potency.

Keep out of reach of children.
