

Rescute

Liquid Complementary Feed for Dogs and Cats to Support General Health

Rescute, a meticulously formulated liquid complementary feed, is your dedicated ally in promoting and maintaining the overall well-being of your cherished cats and dogs. Tailored to support general health, Rescute is designed to contribute to an improved quality of life for your pets.

Fast Return to Pain-Free Living:

Supplementing Rescute facilitates a "fast return" to a pain-free lifestyle for your pets after various incidents. Whether supporting recovery from injuries, preventing ailments, or enhancing overall health, Rescute is the solution to ensure your furry companions lead vibrant and active lives.

Key Benefits of Rescute:

Bone, Muscle, and Connective Tissue Support: Rescute aids in the creation, improvement, and strengthening of bones, muscles, and connective tissues.

Injury Prevention and Pain Reduction: This complementary feed is effective in preventing injuries, reducing pain, inflammation, and muscle spasms.

Increased Endurance and Flexibility: Rescute enhances your pet's endurance and flexibility, contributing to a more active and agile lifestyle.

Improved Respiratory Function: The formulation of Rescute includes ingredients that improve breathing, ensuring optimal respiratory health for your pets.

Enhanced Coat Strength and Sheen: Rescute works to improve coat strength and sheen, contributing to a healthy and lustrous appearance.

Ingredients:

Glucosamine HCL, Chondroitin Sulphate, Methyl Sulphonyl Methane, Hyaluronic Acid, Vitamin C, Vitamin E, Vitamin A, Vitamin B12, Ferrous Sulphate Monohydrate, Dicalcium Phosphate, Magnesium Hydroxide, Manganese Sulphate Monohydrate, Copper Sulphate Pentahydrate, L-Methionine, L-Lysine Monohydrochloride, Sodium Selenite, Potassium Sorbate, Citric Acid, Glycerine, Deionized Water

Dosage and Administration:

0-5 kg: 3 ml

5-15 kg: 4 ml

15-30 kg: 5 ml

30 kg and above: 7 ml

Rescute is administered once a day according to your dog's/cat's weight, as outlined in the dosage table. The liquid feed can be given directly orally or conveniently mixed with your pet's food, ensuring a stress-free and seamless administration.

Storage Conditions:

To maintain the potency and effectiveness of Rescute, store the product in a well-closed container, in a dry, clean area at room temperature. Shield it from direct sunlight and moisture to ensure its stability over time.

Keep out of reach of children.
