

Description:

Just like other members of your household, your pet may suffer from painful conditions or lack of essential and critical feed ingredients due to illness, injury, genetic predisposition, or as the result of aging. You can help to improve your pet's quality of life. Supplementing Rescute brings "fast return" or "pain - free" living after each of the mentioned incidents. Rescute as supplementary is appropriate in creation, improve and strengthen bones, muscles and connective tissues, prevents injury, reduces pain, inflammation and spasms. Rescute also increases endurance and flexibility, improves breathing and also improves coat strength and sheen. Rescute is a proprietary bioflavonoid complex containing epigallocatechin gallate (EGCG), theaflavin, proanthocyanidins and resveratrol from *Vitis vinifera* and *Camellia sinensis* (green tea). By supplementing Rescute you can safely and effectively recover or prevent and halt many poor conditions and improve healing.
