

CAT and DOG FISH OIL LIQUID

Fish oil

Supports skin and coat health, supports joint health, helps regulate hair water permeability, supports heart and circulation health, supports mental health.

Fishoil, derived from fatty fish like salmon and mackerel, is a powerhouse of essential omega-3 fatty acids. These fantastic nutrients contribute to overall health and vitality in pets. Omega-3 fatty acids play a crucial role in supporting a healthy heart, brain function, and a shiny coat. So, if your pet is experiencing dull fur, joint discomfort, or could benefit from some heart-healthy care, Agrofit Fishoil could be your go-to choice!

Add the recommended daily amount to your pet's regular feed.
